

LINO - 150 CM

LINO – LINEN-STYLE FABRIC

Technical characteristics

 Composition 50% Cotton, 50% Polyester	 Width 150 cm	 Weight approx. 230/240 g/m² approx. 12 kg per roll
 Thread count Weave 14x13/cm NM 11.6x11.6	 Put-up Rolled on the fold – roll width 150 cm	 Piece length approx. 30 m

Care instructions

Use a colour-safe detergent, no industrial laundering, dry cleaning not recommended. Natural linen tends to lighten slightly with each wash, giving it a 'patina' over time that is prized for a worn, lived-in look.

Warp/weft wash shrinkage at 60°C

Warp -8%, Weft -7% (non-contractual values)

Lightfastness

Natural Lino 4/7 (70-140 hours, ISO EN 105 B02)

Natural Lino

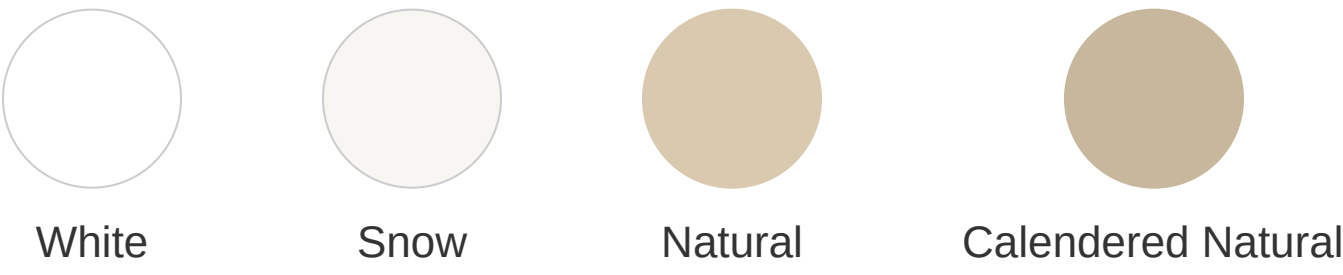

This product has not been dyed; its colour is the natural shade of the raw material, which can vary from one harvest to another. As a result, colour consistency cannot be guaranteed for these 'natural' shades.

These fabrics are finished exclusively in the Vosges, in Gérardmer, and have undergone the following treatments: washing and conditioning.

Colours available

Available in a range of colours chosen to fit current trends and professional collections.
